the benefits of treatment but should still be considered when making treatment decisions. Benefits of dental treatment include: relief of pain, the ability to chew properly and enjoy eating, and the confidence and social interaction that a pleasing smile can bring. Common risks associated with virtually any dental procedure include:

- Allergic reaction. Dental materials and medications may trigger allergic or sensitivity reactions.
- Long-term numbness (parasthesia). Local anesthesia, or its administration, while almost always adequate to permit comfortable care, can result in temporary or, in rare instances, permanent numbness.
- Muscle or joint tenderness: Holding one's mouth open for prolonged periods of time, such as during dental treatment can result in muscle or jaw joint tenderness. In a predisposed patient, it can precipitate a TMJ disorder.
- Sensitivity in teeth or gums, infection, or bleeding.
- Swallowing or inhaling small objects.

We follow procedural guidelines that most often lead to clinical success but, as in any other pursuit in health care, not everything always turns out the way it is planned. We will do our best to ensure that it does. Please feel free to ask questions in regards to any and all dental procedures that are recommended to you for yourself or for your dependent(s).

# OLBERDING DENTAL

Our mission at Olberding Dental is to provide excellent and comfortable dental care to patients who appreciate our services. Please read our updated financial policy below:

- We accept cash, personal checks, Master Card, Visa, and Discover. If you are interested in applying for a 12-36 month interest free loan through Care Credit financing please let us know.
- Dental insurance is a contract between the insurance company and employer and/or the
  patient. The extent of coverage varies greatly between plans. WE WILL ALWAYS RECOMMEND
  OPTIMAL TREATMENT ACCORDING TO OUR STANDARD OF CARE REGARDLESS OF
  INSURANCE COVERAGE.
- We are happy to try and help you understand your particular insurance coverage, but ultimately it is YOUR RESPONSIBILITY to know the details of your plan benefits.
- We will prepare and submit insurance claims as a courtesy for our patients. ANY BALANCE NOT COVERED BY YOUR DENTAL INSURANCE IS YOUR RESPONSIBILITY. THE PATIENT'S SHARE WILL BE DUE AT THE TIME OF SERVICE unless prior arrangements have been made.
- Patients with no insurance coverage will receive a 5% cash discount when fees are paid in full the day of treatment with cash or check.
- WE RESERVE THE RIGHT TO CHARGE FOR MISSED APPOINTMENTS OR CANCELLATIONS WITH LESS THAN 24 HOURS NOTICE. This charge will be a minimum of \$100 up to the total value of the labor, materials, and time reserved for your appointment. If a patient "no-shows" three appointments, we will ask you to seek treatment elsewhere.
- Accounts not paid in full within 60 days are considered past due and interest at 21% annually
  will be charged. Thorough communication should prevent past due accounts. However, we
  use a collection agency when necessary.
